About Conference

Integrated Test Range, Chandipur, the premier test range of the country with state-of-the-art systems and facilities is all poised to organize the first International Conference on Range Technology ICORT-2019.

The conference is aimed at bringing the range experts and technologists to a common platform to foster ideas and knowledge in all facets of technologies in the test ranges worldwide. Prospective authors intending to participate in the conference are requested to submit original research papers related to range technologies, such as, but not limited to:

- Test and evaluation in a Test Range
- Image processing, computer vision and electro-optics
- Aerospace, aerodynamics and control system
- Armament and propulsion
- Emerging technologies in Radar
- Telemetry, communication and network
- Real time systems and data analytics for Range applications
- Range safety and flight termination system

Selected camera ready papers will be published **in IEEE Xplore**

Important Dates

Extended Abstract (Final)

20 NOV 2018

Paper Acceptance
Notification

15 DEC 2018

Camera Ready Paper Due

31 DEC 2018

Early Bird Registration

31 DEC 2018

Final Registration

15 JAN 2019

Conference Program

Tutorials
Technical Sessions
Paper & poster Presentation
Exhibition
Cultural Extravaganza

Venue

**Integrated Test Range,
Chandipur, Odisha
India**
